NOTE FROM THE EXECUTIVE DIRECTOR

Every year I am proud of the accomplishments of our students, but the adaptability and perseverance of the 2019 and 2020 Fellows testifies to their sincere interest in improving the health and well-being of the most vulnerable in our communities. With humility, they switched project ideas to meet newly-pressing needs and accepted that they would need to deliver services in a different way. This infographic seeks to give a snapshot of the impact that our donors make possible and to thank you for that support.

*"You ask me to give you a motto. Here it is: **SERVICE**. Let this word accompany each of you throughout your life. Let it be before you as you seek your way and your duty in the world." - Dr. Albert Schweitzer*
